

Wohlfühloase mitten im Raum

Oasis of well-being in
the middle of the room

DS-22

Als Sofa, Sitzlandschaft mit Eckgarnitur oder als Récamiere – das DS-22 vom Appenzeller Designer Stephan Hürlemann entworfene Modell strahlt jene Harmonie aus Material und Leder aus, nach der wir suchen: klassische Proportionen korrespondieren mit den anmutend schwebenden Füßen. Durch die klare Geometrie und die hohen Füße wirkt das DS-22 wie eine Wohlfühloase mitten im Raum, in der es sich königlich entspannen lässt.

Das modulare Polstermöbel kann individuell zusammengestellt werden und besticht bei seiner Flexibilität. Das DS-22 kann sich so jederzeit neuen Raumsituationen anpassen ohne dabei seinen Charme einzubüßen. Durch Sidetables ergänzt, wird die DS-22 Familie zu dem, was sie ist – Entspannung pur.

As a sofa, seating landscape with corner set or as a récamiere - the DS-22, created by Appenzell designer Stephan Hürlemann, radiates the harmony of material and leather that we are looking for: classic proportions correspond with the seemingly floating feet. With its clear geometry and high feet, the DS-22 appears like an oasis of well-being in the middle of the room, where you can relax just like a king.

The modular upholstered furniture can be arranged individually and impresses with its flexibility. The DS-22 can thus adapt to new room situations at any time without losing its charm. In addition side tables make the DS-22 family what it is – pure relaxation.
